## Director's

## Note

Bloomfield Public Library continued to add to its digital and physical collections in 2022. The Library offered in person programming and welcomed a new director in late 2022. In 2023 we hope to increase the amount of programs offered for all ages as well as continue to maintain an exciting and diverse collection. We aim to increase our patronage and strive to return to a pre-pandemic sense of service. We look forward to continuing to serve our community and welcoming you into the library. -Chelsea Arnold, Bloomfield Public Library Director
